How can I maximise my 12 choices?

- **First 3 to 4 choices:** Consider the courses that most align with your Values, Interests, Personality & Skills (V.I.P.S) and strengths.
- **Next 3 to 4 choices:** Choose what you are interested in and stand a good chance of getting into by considering the last aggregate scores of the courses in each institution (where your net score is within the range of the last year's aggregate score) in CourseFinder/SchoolFinder.
- **Last few choices:** Include alternative courses and institutions where the last aggregate scores are higher than yours. With this, your chances of securing a place will be higher.
- **Fill up all 12 choices** even if you are really confident of getting into your desired course.
